NEWPORT, RHODE ISLAND

Graduation Ceremony

Building the Foundations of Leadership
since
1884

On the cover: The building depicted on the face of this slate is known as Luce Hall and was constructed in 1892 as the first purpose-built building for the U.S. Naval War College, founded in 1884. It was designed by a Newport architect, George Champlin Mason. Congress appropriated funds for the project and it was originally conceived as a multi-purpose building housing officers' quarters, classrooms, the library, and other administrative offices. Captain Alfred Thayer Mahan was the first to occupy the building as President of the Naval War College.

Over the years, work has been done to update the interior of Luce Hall. It was rededicated in 1934 and named for RADM Stephen B. Luce, the Naval War College's founder and first president (1884-1886). In 1964, the building was designated a National Historic Landmark.

During the 2009-10 renovation of Luce Hall, the original 1892 historic roof slates were replaced and many were engraved with the image of this historic landmark for presentation. Luce Hall will reopen this month.

HISTORY OF THE U.S. NAVAL WAR COLLEGE

Founded in Newport, Rhode Island on October 6, 1884, the U.S. Naval War College is the oldest war college in the nation, and the first military service institution in the world to be designated a war college. Commodore Stephen B. Luce was the first president and organized the War College as "a place of original research on all questions relating to war and the statesmanship connected with war, or the prevention of war." These foundations were built upon by Captain Alfred Thayer Mahan, second president of the College, who had originally been selected by Luce to initiate the course in Naval History. Of all the men who were to influence the institution in its early years, none was to have a more profound impact. Mahan's views deeply affected such leaders as Henry Cabot Lodge and Theodore Roosevelt and through them and others helped shape the United States' destiny at the turn of the century. Mahan's writings, published as *The Influence of Seapower Upon History, 1660-1783*, gained him worldwide acclaim and established the U.S. Naval War College as an internationally respected institution.

Functioning continuously since 1884, except for brief periods during the Spanish-American War and World War I, the War College numbers among its graduates such distinguished naval officers as Admirals Sims, Spruance, King, Nimitz, and Halsey, in addition to many others who today are holding prominent military positions, such as Admiral Robert Papp (Commandant of the U.S. Coast Guard), Admiral James "Sandy" Winnefeld (Commander, U.S. Northern Command), General Raymond Odierno (Commander, U.S. Joint Forces Command), Ambassador Christopher Hill (former U.S. Ambassador to Iraq), Admiral James Stavridis (Commander, U.S. European Command and Supreme Allied Commander, Europe), and Dr. Clifford L. Stanley (Under Secretary of Defense [Personnel and Readiness]).

The work begun more than one hundred years ago by Luce and Mahan continues today. As graduates well know, the curriculum is both demanding and rewarding. For the military professional, the unique education provided by the Naval War College is unrivaled. In recognition of the academic rigor and educational excellence of its program, the U.S. Naval War College was accredited in 1991 by the New England Association of Schools and Colleges to award a Master of Arts Degree in National Security and Strategic Studies.

THE ACADEMIC PROCESSION AND REGALIA

For centuries, institutions of higher learning have dignified their ceremonies with an academic procession, a custom descending from the clerical procession. The procession is led by a marshal, followed by the student body and the academicians or faculty, attired in the robes prescribed for their respective degrees. Distinguished visitors and delegates follow the faculty, and last in the procession comes the president of the institution.

Each member of an academic procession ordinarily wears a cap, gown, and hood. In the procession today military faculty will not wear academic gowns. The earliest illustration of gowns worn at Oxford University somewhat resembles cassocks worn by English teachers who found good use for the hood, or cowl, as protection against the weather. A uniform American system of academic heraldry displays the level of degree, the field of study in which it was earned, and the institution by which it was granted.

It is the hood which provides academic regalia its color and offers the most information about its wearer. The silk lining of the hood bears the color, or colors, of the degree-granting college or university; its velvet facing reveals the color assigned to each area of study. The Bachelor's gown is relatively simple, falling in straight lines from an elaborate yoke and having pointed sleeves. The Master's gown is slightly more elaborate and fastens about the wrist. The Doctor's gown is marked by velvet panels down the front and around the neck, as well as by three bars of the same material on the well-shaped sleeves. It is cut more fully and may be ornamented. The hood worn is three feet in length for Bachelors, three and one-half feet for Masters, and four feet for Doctorates, with velvet trimming of two, three, and five inches in width respectively.

The edging, or facing, velvet of academic hoods indicates the area of study. The principal scholarly fields seen in the procession today include:

<i>Philosophy</i>	<i>Dark Blue</i>
<i>Arts, Letters, Humanities</i>	<i>White</i>
<i>Business Administration</i>	<i>Light Brown</i>
<i>Economics</i>	<i>Copper</i>
<i>Engineering</i>	<i>Orange</i>
<i>Law</i>	<i>Purple</i>
<i>International Affairs/Public Administration</i>	<i>Peacock Blue</i>

The American mortarboard, derived from the soft Oxford cap, is black. Its tassel, for holders of the bachelor's and master's degree, is usually black, while gold tassels are worn by holders of doctoral degrees and heads of institutions. The tassel is worn on the right side of the cap by undergraduates, on the left by holders of bachelor's and higher degrees.

Semper Paratus
(U.S. Coast Guard)

*We're always ready for the call,
We place our trust in Thee.
Through surf and storm and howling gale,
High shall our purpose be.
"Semper Paratus" is our guide,
Our fame, our glory too.
To fight to save or fight to die,
Aye! Coast Guard, we are for you!*

**Marine Corps Hymn
(U.S. Marine Corps)**

*From the Halls of Montezuma
To the Shores of Tripoli;
We fight our country's battles
In the air, on land and sea;
First to fight for right and freedom
And to keep our honor clean;
We are proud to claim the title
Of United States Marine.*

The Air Force Song
(U.S. Air Force)

*Off we go into the wild blue yonder,
Climbing high into the sun;
Here they come zooming to meet our thunder,
At 'em boys, give 'er the gun! (Give 'er the gun now!)
Down we dive, spouting our flames from under,
Off with one helluva roar!
We live in fame or go down in flame. Hey!
Nothing'll stop the U.S. Air Force!*

**The Caissons Go Rolling Along
(U.S. Army)**

*First to fight for the right
And to build the nation's might,
And the Army goes rolling along.
Proud of all we have done
Fighting till the battle's won,
And the Army goes rolling along.
Then it's Hi! Hi! Hey!
The Army's on its way.
Count off the cadence loud and strong.
For where'er we go, you will always know,
That the Army goes rolling along.*

Anchors Aweigh
(U.S. Navy)

*Anchors Aweigh, my boys,
Anchors Aweigh.
Farewell to foreign shores,
We sail at break of day-ay-ay-ay.
Through our last night on shore,
Drink to the foam,
Until we meet once more:
Here's wishing you a happy voyage home.*
