Guide to Pre-arrival and Checking Aboard at the Naval War College

Registration:

Before you arrive at the U.S. Naval War College, you must register in the student enrollment system; get this done as soon as possible but no later than 16 Jan. Follow the directions in the other attachment you receive with the welcome email. The link to our website for registration is below:

<http://www.usnwc.edu/Students/U-S--Resident-Students.aspx>

If you do have difficulties registering into the system, please contact our office at: (401) 841-3373 or by email at deanofstudents@usnwc.edu.

Core Curriculum:

The core course consists of three trimesters of study, plus three electives, one per trimester. NWC develops the three core courses (Joint Maritime Operations; Theater Security Decision Making; Strategy and Warfare) as independent courses of study to accommodate the intermediate level College of Naval Command and Staff's unique system of matriculating and graduating students in November, March, and June. While the courses are clearly interrelated, they are developed and delivered as independent courses. A speaker program and professional conferences complete the College's academic requirements.

For more detail of the core courses, follow the following link:

<http://www.usnwc.edu/Academics/Resident-Curriculum.aspx>

Electives:

All U.S. students will complete an elective course of study. Electives are grouped into Areas of Study (AoS) relevant to the development of leaders in the military profession. The elective selection process will be fully briefed during orientation. For area of study and course descriptions, follow the following link:

<http://www.usnwc.edu/Students/Register-for-Electives.aspx>

For questions regarding electives, contact the Electives Office at (401) 841-3261 or (DSN) 841-3261.

Digital Curriculum:

NWC no longer issues all curriculum material in print form. Students will be provided digital copies for all curricula that can be digitized. When you arrive, all students that do not have a personally owned tablet device will be loaned an Apple iPad Air to use during the academic year. You may use your own iPad or other tablet device as desired. Please bring the device with you when you check in. The attachment entitled "The NWC Digital Curriculum" provides all the details.

Security Clearance:

Attendance at the Naval War College requires at least a SECRET level clearance. If you are not currently cleared for SECRET or are due for a periodic review (PR), you should initiate the request immediately at your current command. Collateral and SCI access requirements are handled by both our Security and Special Security Office (SSO) departments, respectively. While a SECRET clearance is required, most courses are taught at the unclassified level.

Though it is not necessary to have a current TS/SCI eligibility, some of our Elective courses and Special Programs/Advanced Research Projects (ARPs) are held at this level. Please note that our SSO cannot submit you for TS/SCI access upon your arrival solely for the purpose of taking an Elective course (as it does not meet the “need-to-know” threshold). SIPRNET accounts will NOT normally be established unless academic or community requirements dictate access. Intel and Special Operations community members should make an appointment with the SSO (upon arrival) for local access requirements.

Military students do not require an SCI transfer in status (TIS).

Attire/Uniform Policy:

While assigned to the Naval War College, students primarily wear civilian clothes to class. Generally speaking, the NWC specifies “Business Casual” as the appropriate civilian attire for students during the work/class day. Business Casual is defined for men as, at a minimum, a collared dress shirt (no tie), dress slacks, and dress shoes. For women, it is a dress or dress blouse, dress slacks or skirt, and dress shoes. Denim or denim like material, flip-flops, shorts/skortis, micro-mini skirts as well as clothing that may distract or cause embarrassment to co-workers is not allowed.

For evening lectures, receptions and ceremonies, a coat and tie or full suit may be specified. Military uniforms will be worn during the visits of senior flag and general officers and other dignitaries. Service Dress uniforms (no medals) are also required for certain events, including June graduation. The full Attire Policy can be found on the NWC website and in the Student Handbook for complete guidance.

<http://www.usnwc.edu/Students/U-S--Resident-Students.aspx>

Uniforms for Navy Officers: Although you will attend classes in business casual civilian attire, throughout the year you will be expected to wear all your service uniforms including summer whites, khakis, Service Dress Blues, and Service Dress Whites. You will also have opportunities to attend optional military and formal balls requiring both blue and white mess dress uniforms. Flight suits, NWUs/BDUs will also be appropriate attire for some events.

Housing/CBQ Assignments:

The NWC web site reflects current housing information. Students (military or civilian) with dependents (on funded orders), should direct all questions to the Naval Station Housing Office at:

http://www.cnic.navy.mil/regions/cnrma/installations/ns_newport/ffr/housing_and_lodging/family_and_unaccompanied_housing.html

Students will not be required to check-in off leave to accept housing/quarters. If you were not previously afforded the opportunity to take house-hunting leave, you will have that chance on this end prior to the start of classes, if you arrive early enough and have completed your check-in.

Currently, there are no bachelor quarters available for geographic bachelors, and this will likely be the case for the foreseeable future. There is a shared quarters option available through the Housing Office and the public/private housing venture. To find out more information on that option, contact NAVSTA Newport Housing Officer at 401-841-2232 / DSN 841-2232/ Toll free 800-217-0875.

CNC&S Indoc February 2017 Pre-work Requirements

The Naval War College is using assessment tools as part of your professional development. We will begin with MBTI Step II, a popular version of the most widely used and easily understood assessment tool available. **Since this assessment uses a group debrief, we are asking that you participate even if you have completed this same assessment in the past.**

You will have opportunities during your time at NWC to build on this experience through more complex and detailed assessment tools and experiences, should you desire to do so. These assessments are intended to assist you in maximizing the value of your Naval War College experience by helping you to assess who you are as a leader and prepare yourself for your next challenges.

Please complete the online assessment not later than midnight, 2 February, 2017.

Login instructions for MBTI Step II:

- **Web site:** <https://online.cpp.com>

- **Batch name:** **CNC&S Feb 2017**

Completing the assessment:

- Respond to every item.
- Answer as spontaneously as possible.
- **Don't think about how you "should" answer** the question, or about your organization's "correct" answers; **answer the items as if you are truly in charge.** The "right answer" is how you most accurately feel about the answer when you are free to act in your preferred mode.
- If for any reason you cannot complete the assessment in its entirety, be sure to click **SAVE & COMPLETE LATER**, so your responses will be saved and can be recovered when you resume. Write down the User ID number so you can resume using the same User ID.
- Once you have completed MBTI Form Q, click **LOGOUT**.

The Naval War College Digital Curriculum

Dear Incoming NWC Student,

Congratulations on your selection to attend the Naval War College. This is to advise you of some recent efforts by the college to digitize the curriculum and what it will mean to you as a student.

Based on extensive research and evaluation, the Naval War College is digitizing a majority of the curriculum with the intent to provide an improved educational experience for our students, save printing costs, and do our part to help save the environment by reducing our use of paper. After evaluating a number of different “eReader” devices, the College completed a year-long pilot using the Apple iPad. Based on positive feedback from participating students and faculty, the college has expanded the program to include use by all students in all classes.

What does this mean to me? The NWC is no longer issuing all curriculum materials in print form. Students will now be provided digital copies (in lieu of printed materials) for all curriculum materials that can be digitized. When you arrive at the NWC, all students that do not have a personally owned tablet device will be provided an Apple iPad to use during the academic year. On the iPad, you will have the ability to fully annotate the readings - highlight, underline, make marginal notes, etc. which are preserved on the readings for future reference.

Can I use my own iPad or other tablet device? Yes. If you have a personally owned iPad (or Kindle, Nook, Android tablet, Sony eReader, or other tablet device) the college will provide you with the formatted readings and instructions on how to load them onto your device along with the app needed to read and annotate your readings. By using your own device, you will be able to retain all the selected readings on your tablet for future professional reference. More importantly, you will not be constrained by government regulations on use and security of your device.

To expedite this process, bring your device with you when you check-in.

Will the NWC provide training on how to use the iPad? Yes, there will be sign-up sheets in the Dean of Students office when you check-in. The NWC Technology Training focuses on how to download your readings and use the GoodReader app. If you require more one-on-one iPad training, the HelpDesk can schedule a time to meet with you.

Do I need an Apple iTunes account to use the iPad? Yes. If you already have an iTunes account- no further action is required. If you do not have an iTunes account, simply go to <http://support.apple.com/kb/ht2731> and follow the directions. Setting up an account is easy and free.

Which model iPad did the NWC buy? The college bought the iPad Air (1st gen) with 16GB of storage and are Wi-Fi capable. They do NOT have 3G/4G (cellular) capability. With the exception of “Controlled Access Areas” (the war-gaming center) where no wireless devices are permitted, virtually all academic buildings on campus are covered with the NWC Academic Wi-Fi network.

Can I use the iPad for anything other than my NWC readings? Yes. You will have the full functionality of the iPad: read/send email (including your NWC email), access the internet, download apps, books, music, etc. You can even use it as a word processor.

Can I get ALL my readings in digital format? Not yet. Required readings for your courses are either "Selected Readings" (articles and the like) or books. We have been successful in converting 95% of the Selected Readings to digital format and they will be available for loading onto your tablet devices. Regarding books, most of those used in our curriculum are not yet available digitally; however, the College is working with publishers to make them available in the future. In the meantime, students will be issued the print version of books that are not yet available in digital format.

Will the NWC support/service my personally owned iPad? No. NWC personnel are not authorized or trained to provide servicing of personal devices. The NWC can only provide the formatted readings and instructions for you to load the readings onto your personal device.

Can I buy an iPad from the NWC? No. If you wish to purchase your own iPad, they are available directly from Apple or at military exchanges and other retail outlets.

Can I retain all of the readings and my notes prior to turning the NWC iPad back in? Yes. Instructions for uploading your information to the iCloud are available at the IRD HelpDesk and on Blackboard. Please do not wait until the last day of iPad turn in to back up your files! The HelpDesk can assist if needed.

What should I do now- before arriving in Newport? If you are not familiar with the iPad, go to <http://www.apple.com/ipad/> to learn about some of the functions and capabilities. Also, if you do not have an iTunes account, we recommend you get one prior to arrival. Go to <http://support.apple.com/kb/ht2731> for directions.
